## Steel & Aluminum Value Car Haulers

By **United**  
TRAILERS

The ULT and CALT are perfect for the customer who just needs a basic car hauler. They have all the features they want, at an affordable price. Competitors can't match their long list of standard features — and they can't beat the price, either. With a glued exterior and LED lights as standard features, there's no question these trailers are the best value in car haulers.
